2. I wish to revoke joint taxation for the previous tax year

3. I wish to revoke joint taxation for the current and previous tax year

NOTE:

- If your reason for revocation is separation from your partner, please do not complete this form but request and complete form R113(CP)(JSL). That form is accompanied by a Guidance Note which gives further information about the effects on taxation of separation and divorce (GN 13).

DECLARATION:

I understand that revocation of the current tax year will remain in force for future years until a new joint taxation election is made. Revocation of joint treatment will prevent unutilised allowances, deductions and reliefs being transferred, which may result in my income tax liability increasing.
